

October 2018 Meeting

Our next meeting will be held at the Williams building on Wednesday, October 24 2018 at noon. Martin Darley, FRICS CCP, Cost Engineering and Project Services Manager at Chevron will be presenting on “Improved Predictability: The application of softer CE skills”.

Martin will also be presenting this topic in November at the Project Controls Symposium this November!

August Meeting

Thank you to those who attended the presentation on “Concurrent Delay— is it really a get out of jail free card” with Jim Zack on August 30, 2018 at Parsons; office.

We learned that concurrent delay may no longer be reliable and easy to use against assessment of liquidated damages. In addition, we also learned that Jim’s company Navigant was recently purchased by Ankura.

AACE Utah Section Members at our August 2018 meeting
L to R: Lynn Larsen, Garth Tyler, Daniel Prickett, Ashley Garza, Eric Bermudez, Lindsey Thomas & Meri Bennett.

Project Controls Symposium

2-3 Nov 2018

At the University of Houston
