Our March technical meeting is scheduled for March 27 and will be held at the Williams Building. For this meeting, Manjula Dissanayake with BHP Billiton will be presenting on the topic Total Cost Management Analytics (TCMA).

Manjula is the TCM Analytics Special Interest Groups (SIG) Chair working toward the goal of developing TCMA framework and modules.

## February Meeting

Paul Williams, Senior Vice President at Pathfinder LLC, presented on "Owner Project Planning Supports Estimate and Schedule Accuracy". It was a great reminder of how important it is for the project team to put in the up-front work on the front end of projects and the positive impact it will have on the project's success.

The meeting was held on February 27, 2019 at Parson Office. In addition to the folks pictured below we also had some attendees join via skype.
