March Meeting

Thank you to those who attended the presentation on Project Performance Review with Dr. Alexia Nalewaik, Cost Engineer (extraordinaire) on March 21, 2018 at the Williams Building. Additional members were able to attend virtually via Skype as well.

It was interesting to learn the path Dr. Nalewaik has taken during her career to get where she is today. We enjoyed her light hearted examples around what it takes to achieve a successful performance audit. She published a book on the topic in 2017, additional information is provided to the right . We are looking forward to Dr. Nalewaik serving as our AACE International President in the coming 2018—2019 year!
