

May 2019 Meeting

Our May meeting will be held on Wednesday May 22 at the Williams Building. Ashley Garza & Sharla Gill will be presenting on their paper "Plight of the Flight from Spreadsheets to Automation: A Standard Cost Management System".

This presentation is based on their 2019 AACE International Technical Paper. They will also be giving this presentation at the 2019 annual conference this June in New Orleans.

April Meeting

Julie Owens, CCP PSP, FAACE; Deputy Executive Officer, Program Management with LA Metro presented on the topic: "Los Angeles Metro Fast-Track Capital Program Management Best Practices". It was well received and relatable to the group as we are all experiencing a growing project demand with limited resources and knowledge base in the area of project controls.

The meeting was held on April 24, 2019 at the Parsons Office. In addition to the folks pictured below we also had some attendees join via skype.
