

## Upcoming September Meeting

James Arrow's presentation has been pushed to October 18th to allow for our first joint section meeting with the Rocky Mountain Section based out of Denver, CO. We are looking forward to this exciting opportunity to connect with other members in our Region.

The meeting will be held September 20, 2017 at the Williams Building and will be streamed live via webinar so others from the Utah & Rocky Mountain Sections can participate remotely. We will have the pleasure of Lynn Larsen presenting on "Optimizing the Resolution and Disputes on Construction Projects."

## 2017 AACE Region 5 Symposium

AACE Region 5 leadership and event planning team is proud to announce the 2nd Annual AACE International Region 5 Symposium to be held in The Woodlands from November 3-4.

The event will include technical presentations from a variety of industry sectors and perspectives as well as an Owner Panel discussion. In addition to a fantastic technical program, there will be opportunities to network with other project professionals.

We expect 175 practitioners to join in 2017 to learn about the latest project controls tools, techniques, and approaches.

Join us this November as AACE Region 5 gathers its experts together to be prepared and ready for a prosperous future.
