

## New Utah Section Website

We now have a new Utah Section Website! It is up and running, check it out at the link below. We will work to update every quarter at a minimum with these newsletters and past presentations.

## Upcoming October Meeting

James Arrow, lead associate at Booz Allen Hamilton will be presenting his topic on Big Data via skype. The meeting will be held at the Williams building Oct 18, 2017 from 12-1pm. A Skype meeting link will be included on the invite for those who want to join remotely.

## September Meeting

We had the pleasure of Lynn Larsen presenting on "Optimizing the Resolution and Disputes on Construction Projects" at our Utah September Meeting held at the Williams Building. This was also streamed virtually to members of the Rocky Mountain Section based out of Denver, CO. We are looking forward to this exciting opportunity to connect with other members in our Region.
