

Upcoming December Meeting

Colm has been actively involved with AACE International since joining in 2008. Before becoming Director of Region 6, Colm held multiple board positions in the San Francisco Bay Area Section and served on the Western Winter Workshop planning committee. He is a Certified Cost Professional (CCP) and a Planning and Scheduling Professional (PSP) with over 10 years of construction cost estimating and scheduling experience.

Colm works for Arup, a consulting engineering firm and is based in San Francisco. He is the Cost Engineering leader for the Americas Region providing cost, schedule and constructability advice on a multitude of large scale building and infrastructure projects throughout the US and abroad. His experience spans across numerous sectors including aviation, commercial buildings, education, energy, healthcare, highways, rail, science and industry to name a few. Colm also has experience working in Lender's Technical Advisory roles advising on construction cost estimates, schedules and risk analysis.

Colm will provide an update on the state of the association with a focus on Region 6.

November Meeting at the Utah Food Bank

Last month we had the opportunity to serve at the Utah Food Bank as a chapter. A big thanks to **Tristen McDonald** for organizing this!

AACE Utah Section members at our November Meeting

Front L to R: Mike DiGregorio, Ashley Garza, Lynn Larsen, Tristen McDonald, and Lance Buckley

Upcoming Speakers

December 16th meeting:

Colm Tully -

Director, Region 6

Colm works for Arup, a consulting engineering firm and is based in San Francisco. He is the Cost Engineering leader for the Americas Region providing cost, schedule and constructability advice on a multitude of projects.

February 17th meeting:

James G. Zack, Jr., Executive Director for Navigant Consulting, Inc.

Reminder on Location change: We will be meeting out at the airport at the construction field offices for our regular meetings.

Website

We have a new website for our chapter and it's now completed and up and running! Check it out at:
