

Upcoming September Meeting

James Arrow, lead associate at Booz Allen Hamilton will be giving a presentation “to raise awareness and provide background information that will allow E&C companies to develop and lead an effective digital strategy in an era of the Industrial Internet of Things and Big Data”.

The meeting will be held September 20, 2017 at the Williams Building. We are also working on streaming this meeting live via a webinar so others from the Utah Section can participate remotely.

2017 Annual Meeting

The annual meeting was held from June 11—14 in Orlando, FL. This year there were two outstanding key note speakers along with a great technical program. Notably, Lynn Larsen from our Utah Section gave a presentation on Optimizing the Resolution of Disputes on Construction Projects.

Announcement: At the annual meeting, the decision to keep the name “AAACE” was confirmed along with the adoption of a new logo (as seen in the newsletter header above).
